

Movêro's Managed Mobility Services Suite

Movêro has always focused on delivering an integrated mobility solution that is built with the end user in mind. Movêro's Maestro™ Managed Mobility Platform leverages best-in-class acquisition and deployment capabilities and ongoing lifecycle support for the end user, while providing critical management tools and processes to IT management. Movêro also provides deep technical support with our state-of-the-art, 24x7 Help Desk. Additional consulting and training services are also available.

- **Manage** – Enterprise-class mobility management platform
- **Support** – Certified support for advanced mobile applications
- **Restore** – Managed rental, repair and replacement services

Customers First and Foremost

Telecom executives who saw the need for managed mobile services for enterprise-level companies and government agencies formed Movêro Technology. We are mobility knowledge experts who have 25+ years of experience, training and advanced certification with carriers, devices and applications.

About Movêro Technology

Movêro Technology, Inc. is a proven provider of managed IT services focused exclusively on mobility. Movêro combines recognized domain experts, reliable and scalable technology and established processes to deliver a complete managed mobility solution. Movêro's unique integration of the Maestro Mobility Platform and domestic 24x7 support services enable enterprise IT professionals to offload mobility support and deployment, improve visibility and productivity, and efficiently provide the highest quality of service to their mobile employees.

The Company's corporate headquarters and primary call center are located in Austin, Texas. Movêro has additional sales offices in Tampa, Orlando, Dallas, San Francisco, Nashville, Chicago and Boston. H. Spence Jackson, founder and former CEO of SigmaTel, a mixed signal semiconductor company based in Austin, Texas, and Bruce Friedman, former VP of Sprint Telecommunications, founded the company. Melanie Gray leads Movêro Technology. Overseeing Movêro is the company's board of directors, headed by H. Spence Jackson as Chairman of the Board. Other board members include: Howard Smith; David Orlandella, Enhanced Capital Partners; Bob Egan, Service Director, Tower-Group Emerging Technologies; and Bruce J. Friedman, CTO, Movêro Technology. Larry Berlin, First Analysis, is advisor to the board.
